SEP. 1 THU - 2 FRI, 2022
Lotte Hotel Seoul, Seoul, Korea

March 16, 2022	Call for Abstract Open
May 25, 2022	Deadline for Abstract Submission
July 29, 2022	Deadline for Pre-Registration

DEAR COLLEAGUES AND FRIENDS

It is our great pleasure to warmly invite you to the 15th Annual Meeting of the Korean Society of Medical Oncology & 2022 International Conference (KSMO 2022) in Seoul, Korea from September 1 to 2, 2022.

During the two-day conference, doctors, nurses, allied health practitioners, scientists, and scholars who are involved in cancer treatment and clinical oncology will have the opportunity to share the latest information and progress on cancer treatment.

The conference will highlight numerous scientific discoveries and major milestones in the discovery of novel targets, the validation of biomarkers, multidisciplinary/multicenter clinical trials, and innovative technology for oncology. We are confident that you will find the workshops and symposiums professionally-rewarding. Your presence and participation will help facilitate lively and enriching discussions around the conference theme, developing professional knowledge exchange, insights, and collaborations.

We hope the scientific discussions and the presentations by leading global experts as well as new research being carried out by young scientists will contribute to improving cancer treatment in both basic and clinical research. The outcome of the conference will pave the way for new developments in drug therapy and bring brighter hope to those suffering from cancer worldwide.

We look forward to welcoming you to this exciting 15th Annual Meeting of the Korean Society of Medical Oncology & 2022 International Conference (KSMO 2022) and to meeting all of you in person in September 2022 here in Seoul, Korea.

We do hope that you will join us for this memorable event.

Sincerely yours,

Jin-Hyuk Choi
President
