

TECH HUBS

SelectUSA Spinoff Events take place before or after the 2024 SelectUSA Investment Summit in different locations across the United States. The Economic Development Administration's Tech Hubs Program aims to strengthen U.S. economic and national security with investments in regions across the country with assets and resources to become globally competitive in the technologies and industries of the future. The partnership of the Tech Hubs Program with SelectUSA Spinoff Events features an array of industry sectors, offering real-time investment opportunities for international companies.
